### Overview of course:

This course is designed for students who have little to no experience studying Spanish (two or less years of High School Spanish). In this *college-paced* course students will develop fundamental communicative skills in Spanish (speaking, listening, reading, and writing). Every student is expected to practice these skills daily (both in class and at home). During the course, students will encounter a variety of activities with a *cultural focus*. The format of class evaluations will assess student communicative skill and cultural awareness. Daily homework and laboratory work will be assigned.

### General Education Assessment and Requirements:

Every Spanish course fulfills the General Education Distribution requirements for Group II “Languages and Literature”. In order to maintain this GE qualification, students in 100 or 200 language level courses may not take the course as “pass/fail”.

What is more, students will be asked to demonstrate their communication, analytical thinking, and writing skills in this course. The assignments that will be collected for GE assessment purposes during this course will include: (1) written exams and (2) video-taped oral presentations.

#### Quizzes, Midterm, Final Exam:

Students MUST take each quiz, Midterm, and Final Exam on the day scheduled for examination. If a student is absent from any quiz, Midterm, or Final Exam, then s/he will receive a zero (unless the student has made a **prior** arrangement with the professor or can provide the professor with a copy of the signed excuse from a physician, coach or other authority **no later than** the first class period after the excused absence). The Midterm Exam and Final Exam will be comprehensive and accumulative in content. Students with a 93.1% or higher cumulative course grade (following the Final Listening Exam), will excused from taking the Final Exam (written portion). The idea of “dropping of low exam or quiz scores” does NOT exist in this course nor does extra credit.

#### Homework and Lab Activities:

It is the student’s responsibility to complete and maintain a record for each homework or lab activity assigned in class or electronically through the [MySpanishLab](#) site. Any homework assignment or lab activity should be submitted in a timely manner allowing the professor and students to track student progress and give/receive feedback. Any assignment that is turned-in late will not count for homework credit. If you have problems using the electronic media, please consult with the instructor or lab assistant ASAP. Not knowing how to use the media or incorrectly registering the media will not be accepted as an excuse for late homework.

#### Oral Presentations:

Please, refer to the Oral Presentations Guide: [Part 1](#) / [Part 2](#). Students need to make their Oral Presentations on the day scheduled for this examination. (Please refer to the [MU Attendance Policy](#) regarding the legitimate conditions for a make-up).

### Class Participation:

Regular and punctual class attendance is expected. In order for an absence to be considered “excused” a student must document any illness, serious mitigating circumstances, or official university representation. Any “unexcused” absence will result in a 15% reduction in the student’s final Participation grade at the end of the semester.

Class participation to be evaluated in accordance with the [General Guidelines for Class Participation](#) and in accordance with the system of [Peer Scoring of Class Participation](#). Students will receive participation scores from their peers as well as the professor (60% professor, 40% peers). Any partial absence (over 15 minutes) will result in a maximum score of 2.5 for the day.

### Conduct:

Academic honesty, the submission of original work, and student interaction is expected in this class. Any form of cheating may result in failure of the course. (For more additional information concerning academic honesty and university policy, please, consult Sandy Most in the Residence Life Office).

### The Syllabus:

This syllabus serves as a contractual agreement. Presence in this class means that you agree to the items stipulated in the syllabus and are aware of any modifications made throughout the semester. One should periodically check the course web site for any updates to the syllabus and/or class calendar.

### Class records and Grades:

Oversee your grade by monitoring your progress and maintaining contact with your instructor. Any student material or record that has been returned to the student becomes the student's responsibility to maintain as a permanent record for the course. Students are responsible for picking up any materials that are made available to them or are returned in class. If a student loses these records and the professor does not have a copy of the material available, the student will receive a failing grade for the particular activity.

### Students with “exceptionalities”:

Any students with documented psychological or learning disorders or other significant medical conditions that may affect their learning should contact Mr. William Chabala in our [Counseling Center](#) (143 South Hall, Phone: 662-4695; [mwchabala@mansfield.edu](mailto:mwchabala@mansfield.edu) ). Mr. Chabala will provide the professor with the appropriate letter and materials that will enable him to serve each student’s particular needs more effectively. If a student has an exceptionality that requires class or testing accommodations, Mr. Chabala will work with the student and the professor to identify and implement appropriate interventions.
