1. Find the Conway polynomial for the link $A$.

![Diagram of link A]

**Figure 1.** The link $A$, which I’ll call the double-link-$A$.

2. Find the Conway polynomial for the link $B$.

![Diagram of link B]

**Figure 2.** The link $B$, which I’ll call the double-link-$B$.

3. Find the Conway polynomial for the knot $C$.

![Diagram of knot C]

**Figure 3.** The knot $C$, which I’ll call the star knot.
