Overview of course:

This course is designed for students who have had some experience studying Spanish (between two to three years of High School Spanish). In this *college-paced* course, we will continue to develop beginning speaking, listening, reading, and writing skills--our point of departure being those skills acquired in Spanish 1101. Every student is expected to practice these skills daily (both in class and at home). During the course, students will encounter a variety of activities with a *cultural focus*. The format of class evaluations will assess student communicative skill and cultural awareness. Daily homework and laboratory work will be assigned.

Student Learning Outcomes:

Every Spanish course is designed to help students meet the Modern Language Program Outcomes, the New General Education Learning Outcomes for Global Perspectives Option 1, Pennsylvania Department of Education’s Standards for Foreign Language study, and NCATE Proficiency Standards. The Specific Course Learning Outcomes mentioned below represent only one segment in a sequence of language courses that is designed ultimately to enable non-majors to fulfill General Education requirements and majors/minors meet program goals.

During their studies in the Spanish Program, students will progressively develop their level of skill in speaking, reading, writing, and listening in the target language, while at the same time begin to explore literary texts, their genres, literary devices, historical and cultural background, and significance for readers today. Although many of these literary skills and analytical tools will only be honed in courses designed with a specific literary focus, all of the Spanish courses foment the principal skills needed for this higher skill development. Intense and in depth literary comprehension is impossible without the fundamental reading skills and cultural recognition skills that are provided in each Spanish language course. In order to receive credit for completing the New GE Outcomes, students in 1000 or 2000 level language courses may not take the course as “pass/fail”.

At the professor’s discretion, certain assignments may be anonymously collected during this course and used to assess student completion of any of the SLOs mentioned below. Collected items may include: (1) written exams, (2) reading assignments, and even (3) video-taped oral presentations.

Spa 1102 Student Learning Outcomes (SLOs)		Concomitant SLOs			
		Program Level SLO	General Education	PDE Standards	NCATE
Listening	L1 Recognize and understand short, learned utterances.	All of the Listening, Speaking, Reading, and Writing SLOs in Spa 1102 course represent another step in a tiered course structure that is designed to help BA and BSE majors reach the ADVANCED level of the target language consistent with the National Standards for Foreign Language Education (NCATE) by the end of their program of study. Upon completing this course students will not fulfill in their entirety any of the Program Level SLOs related to listening, speaking, reading, writing, or phonology.	Global Perspectives: Option 1 requires students to reach the ACTFL proficiency level NOVICE HIGH in the areas of listening, speaking, reading, and writing after completing two sequential language courses. After completing this course, students should reach this proficiency level in each area.	None	After completing this course students will reach the level of proficiency ACTFL qualifies as NOVICE-HIGH in all the areas of Listening, Speaking, Reading, and Writing. NCATE requires BSE students to reach ADVANCED-LOW level of oral proficiency before graduating.

Quizzes, Midterm, Final Exam:

Students MUST take each quiz, Midterm, and Final Exam on the day scheduled for examination. If a student is absent from any quiz, Midterm, or Final Exam, then s/he will receive a zero (unless the student has made a **prior** arrangement with the professor or can provide the professor with a copy of the signed excuse from a physician, coach or other authority **no later than** the first class period after the excused absence). The Midterm Exam and Final Exam will be comprehensive and accumulative in content. Students with a 93.1% or higher cumulative course grade (following the Final Listening Exam), will excused from taking the Final Exam (written portion). The idea of “dropping of low exam or quiz scores” does NOT exist in this course nor does extra credit.

Homework and Lab Activities:

It is the student’s responsibility to complete and maintain a record for each homework or lab activity assigned in class or electronically through the [MySpanishLab](#) site. Any homework assignment or lab activity should be submitted in a timely manner allowing the professor and students to track student progress and give/receive feedback. Any assignment that is turned-in late will not count for homework credit. If you have problems using the electronic media, please consult with the instructor or lab assistant ASAP. Not knowing how to use the media or incorrectly registering the media will not be accepted as an excuse for late homework.

Oral Presentations:

Please, refer to the Oral Presentations Guide: [Part 1](#) / [Part 2](#). Students need to make their Oral Presentations on the day scheduled for this examination. (Please refer to the [MU Attendance Policy](#) regarding the legitimate conditions for a make-up).

Class Participation:

Regular and punctual class attendance is expected. In order for an absence to be considered “excused” a student must document any illness, serious mitigating circumstances, or official university representation. Any “unexcused” absence will result in a 15% reduction in the student’s final Participation grade at the end of the semester.

Class participation to be evaluated in accordance with the [General Guidelines for Class Participation](#) and in accordance with the system of [Peer Scoring of Class Participation](#). Students will receive participation scores from their peers as well as the professor (60% professor, 40% peers). Any partial absence (over 15 minutes) will result in a maximum score of 2.5 for the day.

Academic Integrity:

Students are expected to do their own academic work. Dishonesty in academic work, including cheating, academic misconduct, fabrication, or plagiarism is unacceptable. Any form of cheating may result in failure of the course. (For more additional information concerning academic honesty and university policy, please, consult the MU [Academic Integrity Policy](#)).

The Syllabus:

This syllabus serves as a contractual agreement. Presence in this class means that you agree to the items stipulated in the syllabus and are aware of any modifications made throughout the semester. One should periodically check the course web site for any updates to the syllabus and/or class calendar.

Class records and Grades:

Oversee your grade by monitoring your progress and maintaining contact with your instructor. Any student material or record that has been returned to the student becomes the student's responsibility to maintain as a permanent record for the course. Students are responsible for picking up any materials that are made available to them or are returned in class. If a student loses these records and the professor does not have a copy of the material available, the student will receive a failing grade for the particular activity.

Students with "exceptionalities":

Any students with documented psychological or learning disorders or other significant medical conditions that may affect their learning should contact Mr. William Chabala in our [Counseling Center](#) (143 South Hall, Phone: 662-4695; mwchabala@mansfield.edu). Mr. Chabala will provide the professor with the appropriate letter and materials that will enable him to serve each student's particular needs more effectively. If a student has an exceptionality that requires class or testing accommodations, Mr. Chabala will work with the student and the professor to identify and implement appropriate interventions.
